1. We do all that is possible to determine the accurate levels and conditions of older wines. Nevertheless, these levels may change between cataloguing and sale. This may be due to the aging of the cork or to changing temperatures during storage or transport.
2. The risk of cork seepage or failure in old bottles, or damage of the waxed or enamel capsules is always a possibility, especially during transport. The potential bidder should take this risk into account.
3. Original wooden cases above 500 Euro are shipped separately from the bottles. We ship those bottles in wooden cases only on demand and at the risk of the bidder.
4. Munich Wine Company is not responsible for any losses or claims resulting from the risks and conditions mentioned in passages 1 through 3.
5. There will be no price negotiations or returns of purchased items after the delivery has been made. Nor will we provide any substitutes in case of breakage or error in description.
6. Stained labels may appear when the wines were stored under conditions of high humidity. It should be mentioned that this treatment is generally beneficial to the quality of the wine.
7. The pictures in the auction catalog serve decorative purposes and are not exact photos of any single lot. The original lot pictures can be seen in our online catalog:

www.munichwinecompany.com

1. Wir arbeiten mit grösster Sorgfalt, um die Angaben im Katalog bezüglich Füllniveau und Zustand der Flaschen so akkurat wie möglich zu gestalten. Hierbei kann es aber im Laufe der Lagerung oder des Transports zu Veränderungen kommen, insbesondere bei Flaschen, die älter als 20 Jahre sind.
2. Die Ersteigerer von Weinen sollten bedenken, dass Korken nachgeben oder versagen können, Wachs- und Lackkapseln beschädigt werden können. Dies kann insbesondere beim Versand älterer Provenienzen eintreten.
3. Originalholzkisten ab 500 EURO werden aus versicherungstechnischen Gründen separat vom Inhalt versendet. Nur auf Wunsch und Risiko des Ersteigerers ist ein Versand im Originalgebinde möglich.
4. Für Schäden, die durch die in Punkt 1 bis 3 aufgeführten Risiken entstehen, übernimmt die Munich Wine Company keinerlei Haftung.
5. Preisabschläge oder Rücknahmen der ersteigerten Ware sind nach Auslieferung ausgeschlossen. Eine Ersatzlieferung im Falle von Transportschäden oder versehentlich falschen Katalogangaben kann nicht geleistet werden.
6. Eine feuchte Lagerung kann Verunreinigungen auf den Wein-etiketten hinterlassen. Es ist anzumerken, dass eine feuchte Aufbewahrung der Qualität des Weins zuträglich ist.
7. Die Abbildungen im Auktionskatalog sind Themen bezogene Dekorationsbilder, die nicht den angebotenen Lots entsprechen. Die den Lots zugehörigen Originalabbildungen finden Sie in unserem Online-Katalog:

BORDEAUX

HF = high fill:

Normal level, height of young wines, or the level of bottles of older vintages recorked at the château.

Normales Füllniveau. Niveau eines jungen Weines oder auch älterer Jahrgänge, soweit diese auf dem Weingut rekonditioniert und neuverkorkt wurden.

IN = into neck:

Perfectly good for any age of wine. Outstanding for a wine of ten years of age or older.

Perfekt für Weine jeden Alters. Aussergewöhnlich für Weine, die zehn Jahre oder älter sind.

BON = base of neck:

good for any age of wine. Perfect for any wine of ten years of age or older.

Gut für Weine jeden Alters. Perfekt für Weine, die zehn Jahre oder älter sind.

VTS = very top shoulder:

acceptable for any wine over 15 years of age. Akzeptabel bei Weinen, die älter als 15 Jahre sind.

TS = top shoulder:

Acceptable for any red Bordeaux 20 years of age. Akzeptabel bei roten Bordeaux, die 20 Jahre alt sind.

HS = high shoulder:

Slight natural loss through the cork and/or evaporation through cork and capsule. Acceptable for any wine over 20 years old. Good for any wine over 40 years old.

Leichter natürlicher Schwund, bei Weinverlust durch den Korken und/oder durch Verdunstung durch Korken und Kapsel. Normal für Weine über 20 Jahre, gut für Weine über 40 Jahre.

MS = mid shoulder:

Not unusual for wines over 40 years of age. Most likely some deterioration of the cork and some risk. Auction limits take this into account.

Nicht ungewöhnlich für Weine, die über 40 Jahre alt sind. Höchstwahrscheinlich nachlassende Dichtigkeit des Korkens; ein kalkulierbares Risiko besteht. Durch das Auktionslimit berücksichtigt.

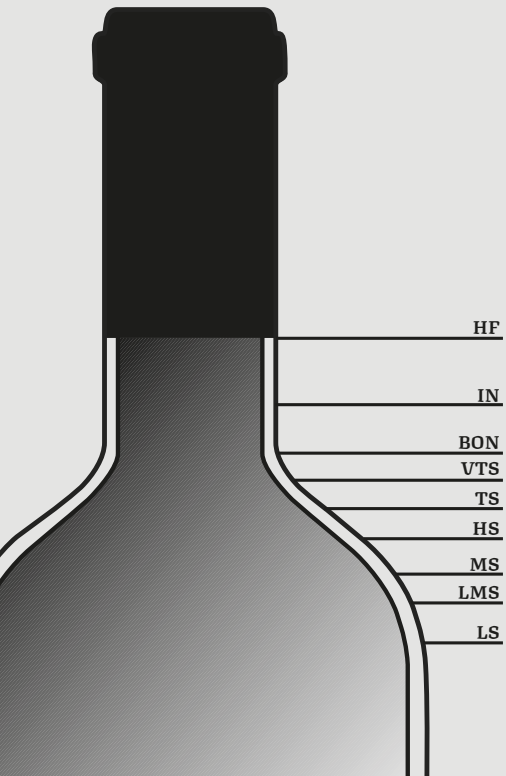

LMS = low-mid shoulder:

Risk. Auction's catalogue estimates will be low. Risiko. Niedriger Schätzwert im Auktionskatalog.

LS = low shoulder and below:

High risk and only accepted for the auction if the bottle or label is exceptionally rare or interesting. Always offered with a low limit.

Hohes Risiko. Derartige Flaschen werden für die Auktion nur angenommen, wenn die Flasche oder das Etikett aussergewöhnlich selten oder interessant ist. Das Limit liegt immer niedrig.

BURGUNDY

Due to the fact that Burgundy bottles have a very discrete shoulder, the ullage is measured in centimetres between the cork / capsule and the wine level. Burgundy wines are less affected by ullage than Bordeaux wines. A 5 cm ullage in a 40-year-old Burgundy can be considered acceptable, up to 3 cm excellent for its age. Even losses up to 6 cm for 50 years and older Burgundy are considered acceptable risks.

Burgunderflaschen fehlt die ausgeprägte Schulterform. Daher wird der Schwund im Zentimeterabstand zwischen dem Korken / der Kapsel und dem Weinniveau angegeben. Burgunder werden durch einen Schwund nicht im gleichen Maße beeinträchtigt wie Bordeaux-Weine. Bei einem 40 jährigen Burgunder ist ein Verlust von 5 cm akzeptabel, ein Verlust von bis 3 cm herausragend. Sogar ein Schwund von bis zu 6 cm ist bei einem Burgunder von 50 oder mehr Jahren ein kalkulierbares Risiko.

GERMANY (SCHLEGELFLASCHE)

The ullage of these bottles, and any other Schlegel- flaschen (Alsace, many Italian white wines, Portugal, etc.), are measured in centimetres. The level of ullage for these wines in outstanding condition should not exceed 3 cm. Greater losses carry some risk and are respectively priced.

Auch der Schwund dieser und anderer Schlegelflaschen (Elsass, viele italienische Weissweine, Portugal, usw.) wird in cm gemessen. Bei Weinen in herausragendem Zustand sollte der Schwund nicht mehr als 3 cm betragen. Größere Verluste bergen ein gewisses Risiko; dies wird bei der Preisgestaltung berücksichtigt.

CHAMPAGNE

Due to the very long foil of Champagne bottles, the ullage is measured in centimetres of the upside down bottles, between the inner edge of the glass bottom and the Champagne level looses up to 2 cm for 20 year old Champagnes are considered acceptable risks.

Champagnerflaschen besitzen eine sehr lange Zierfolie am Flaschenhals. Daher wird die Flasche zur Messung des Schwundes auf den Kopf gestellt. Massgeblich ist der Zentimeterabstand zwischen der inneren Kante des Glasbodens und dem Champagner. 2 cm bei Champagner im Alter bis 20 Jahren sind unbedenklich.

Ch. Lafite 1870
Pre-Phylloxera

15
Ch. Lafite Rothschild 1870 1,5l
Pauillac 1er Cru Classe
(Bordeaux, Frankreich)

Eine extrem seltene Pre-Phylloxera Châteauabfüllung aus dem Jahre 1870 des Hauses Lafite. GAB20/20: Rene Gabriels längste Degustationsnotiz. In Auszügen: Edelhölzer, Mahagoni, Palisander, schwarze Schokolade, Sommertrüffel, feine Teeblätter. Der Lafite 1870 macht die besten Weindegustatoren der Welt zu Wichtelmännchen. Er setzt Maßstäbe, die in dieser Form praktisch zeitlos sind. Ein Wein, der vielleicht insgesamt mehr als 200 Jahre ohne Unterbrechung spielerisch 20/20 Punkte vermitteln wird. -2050 (Magnum).

B(01)****: Together with 1864 and 1865 one of the most magnificent of all the classic pre Phylloxera clarets. RP96: The Rodenstock tasting finally provided me a provocative, compelling, profound bottle of this legendary wine. The color is a healthy dark garnet, and the huge nose of freshly sliced celery, mint, cedar, and cassis unfolded quickly, but held in the glass during the 30-40 minutes it remained there before it became just a mere component of my bodily fluids. The wine exhibited sweet fruit, surprising glycerin and opulence for a Lafite, and a sweet, jammy, powerful finish. It is an extraordinary wine! F: TS; E: verschm., leicht beschädigt; Z: dunkles Granatrot. Feinsandiges Depot. Grandioser Zustand. Châteaukapsel. Rebouchage fait par le Maître de Chai du Château, en 1986, d.h., 1986 im Ch. waxy lemon rind and confit citrus. On the palate, the wine is ample, vinous and full-bodied but retains excellent definition, and it's structured around chewy dry extract from mature skins, which compensates for its comparative lack of acidity. CT96-100, GAL96, JR19/20(2018): A peachy citrus fruit note and a light herbal quality on the palate. Eye-watering acidity and purity. Incredibly primary and not ready, for tasting

let alone for drinking. With such intense wines in the 2017 vintage, the G-Max does not stand out as much for its intensity as in other vintages, but the length is immeasurable. -2035. F: HF; E: sehr gut. (31032-4)
